I have completed this level on a2bsafely.com. Now I need your help. Please read my Tracker page with me and talk to me about it. It will help me to remember what I have learned. Encourage me to learn about road safety.

## Stop, think, look, listen

When crossing at a driveway, always stop, think, look and listen to make sure there is no traffic.

## Listening to music

When you are on the pavement you need to hear the traffic. Remove your headphones.

## Walking in a car park

Treat a car park as if it was a road. Stay on the pavement or follow the pedestrian walk way.

## Traffic light crossing

Press the button and wait for the green man to show. Do not cross until the traffic has stopped. Look both ways as you cross.

## Be seen

Wear something bright so that traffic can see you.

## Skateboards

Skateboards and roller blades should not be used where people are walking.

## Next steps

You are beginning to learn but you are not ready to go on the road on your own. You need someone to help you to practise. This could be someone in your family who looks after you, a teacher or a responsible family friend. Show them your Tracker page or ask them to log on to [www.a2bsafely.com](http://www.a2bsafely.com) In this way you are helping them, to help you.

## Stop, think, look, listen

Stop, think, look and listen. Cars can come in and out of driveways. Treat a driveway as if it was a road.

## Being prepared

When you leave the house, check that you have told someone where you are going. Make sure you have everything that you need.

## Keep your head up

Look where you are going as you are walking along the pavement.

## Cycle lanes

Bicycles make less noise than cars. Remember to look out for bikes.

## Large vehicles

Trucks, lorries and fire engines must be treated with extreme caution when you are crossing at a driveway.

## Stop, think, look, listen

Car parks and driveways should be treated like the road. Always stop, think, look and listen.

## Loud noise

Do not let the noise of an ambulance or fire engine distract you.

## Walking near traffic

You need your attention at all times. Never be tempted to read a magazine

## Reversing car

You can tell when a car is reversing. It is important to know that the back of a car may be coming towards you.

## Seeing your friend

You see your friend but stop, think, look and listen before you go to join him.

## Stop, think, look, listen

Think about bicycles as well as cars. Bikes make almost no noise.

## Texting near traffic

If you want to send a text message move to a safe place away from the traffic and other pedestrians. It is dangerous to text near traffic.

## Think for yourself

If another person crosses the road when the red man is showing, do not be tempted to follow. Wait for the green man.

## Parked cars

Sometimes a car will reverse out in front of you in the car park. The driver may not have seen you. Be careful.
